ELECTRICAL DISTRIBUTION SOLUTIONS LIMITED

Environmental policy

1 Preamble

Electrical Distribution Solutions Limited

Manufacture, install and maintain High Voltage and Low Voltage electrical distribution equipment throughout the UK and Europe.

Design , manufacture and install Industrial process control systems throughout the UK and Europe.

2 Environmental awareness

Protection of the environment in which we live and operate is part of Electrical Distribution Solutions Limited's values and principles. We consider it to be sound business practice. We believe that we can encourage awareness of environmentally friendly practices by taking such measures as outlined below in order to get our competitors and other local and national businesses to do the same. Care for the environment is one of our key responsibilities and an important part of the way in which we do business.

3 Policy aims

In this policy statement we commit Electrical Distribution Solutions Limited to:

- 3.1 Complying with all relevant environmental legislation, regulations and approved codes of practice.
- 3.2 Protecting the environment by striving to prevent and minimise our contribution to pollution of land, air, and water;

- 3.3 Seeking to keep wastage to a minimum and maximise the efficient use of materials and resources by:
- 3.3.1 ensuring toilet and bathroom facilities are fitted with low water use toilets and basins;
 - 3.3.2 encouraging employees to cut water usage by displaying signs about how to implement such techniques
 - 3.3.3 Managing and disposing of all waste in a responsible manner, such as:
 - 3.3.4 Minimising the creation of waste in the first place by correct design, ordering and installation of materials.
 - 3.3.5 Ensuring that all waste material that can be recycled is separated from general waste and recycled where possible
 - 3.3.6 Ensuring that all unavoidable and un-recyclable waste is disposed off in accordance with all relevant regulations .
- 3.5 Providing training for our staff so that we all work in accordance with this policy and within an environmentally aware culture. Environmental training shall take place three times, annually.
- 3.4 Regularly communicating our environmental performance to our employees and other significant stakeholders in posted messages and letters and in person.
- 3.5 Developing our management processes to ensure that environmental factors are considered during planning and implementation;
- 3.6 Monitoring and continuously improving our environmental performance.

The policy statement will be regularly reviewed and updated as necessary. The management team endorses these policy statements and is fully committed to their implementation.
